FOREWORD

This student athletic/activities handbook has been prepared to provide students, parents, and patrons with information regarding policies and procedures of USD 511 Attica Public Schools. It is designed to be a basic guide; it cannot, nor is it intended to cover every situation that should arise regarding athletics at USD 511 Attica Public Schools. Situations will arise that will require decisions by the coaches/sponsors and/or administration. Should there be a need for clarification of any issue, students and parents are welcomed and encouraged to make an appointment to discuss that issue.

ATHLETIC/ACTIVITIES DEPARTMENT PHILOSOPHY AND VALUES

The primary purpose of extracurricular activities is to provide the student with an educational experience, which your child might otherwise never receive. These experiences provide the means by which a student gains many of those traits, which our society deems necessary for successful social behavior.

Athletics and activities, like no other phase of education, afford the student the opportunity to accept victory as well as defeat graciously, to appreciate the skill of the opponents, and to perform at maximum capacity during each contest.

As the Bullpup/Bulldog exemplifies the lofty spirit of pride, we expect our athletes to be good sports, proud of our school and feel personally responsible for it. The athletic squad, by the standards shown by each member, will encourage the student body to new heights of appreciation.

KSHSAA MEMBERSHIP

Attica Public Schools is a member of the Kansas State High School Activities Association and will follow all rules and regulations governing grades 7-12.

ATHLETICS

Attica Public Schools offer students in grades 7-12 the opportunity to participate in volleyball, football, boys and girls' basketball, and boys and girls track. Sixth-grade boys have the opportunity to participate in basketball and track. Sixth-grade girls have the opportunity to participate in volleyball, basketball, and track.

ACTIVITIES

Attica Public Schools offer students in grades 7-12 the opportunity to participate in scholar's bowl, the school play, forensics (grades 9-12 only), and cheerleading. Sixth-grade students have the opportunity to participate in scholar's bowl, music, and cheerleading. There are only 6 spots available on the middle school and high school cheerleading squad. Tryouts will be held to fill these spots.

PHYSICAL EXAMINATIONS

The Kansas State High School Activities Association rules state that a student **MAY NOT PRACTICE** until that student has presented to the coach the appropriate physical form signed by the doctor, student-athletes, and the athlete's parents. Physicals must be dated after May 1 to be accepted for the coming year. The cost of the physical is the responsibility of the student.

TRANSPORTATION POLICY FOR ACTIVITIES AND FIELD TRIPS

All students who participate in any extra-curricular event or field trip that requires school transportation are required to ride on school furnished transportation to and from the event. Any exceptions must be cleared through a written request with the sponsor/coach. Any student needing to ride home with someone other than the parent/guardian must be cleared through the sponsor/coach by leave time the day of each competition. This correspondence must state who the student will ride to the competition with and release the school of any liability by doing so. A student will

NOT be released to ride with another student. A student who does not abide by this policy will not be allowed to participate in that day's event and the next scheduled event.

The student must be aboard school transportation at the designated leave time. A student who is not aboard school transportation at the designated leave time will be left at school. The student will not be allowed to participate in that day's event.

ACTIVITY BUS GUIDELINES FOR COACHES, SPONSORS AND STUDENTS

1. The following procedure shall be used for loading and unloading of students on activity buses:
 - a. The loading and unloading of students should be conducted off the roadway, highway or street in an area away from vehicular traffic and, whenever possible, in a parking lot.
 - b. Whenever the loading and unloading of students must be conducted on a roadway, street or highway, the bus involved shall be parked with the entry door facing away from the roadway.
 - c. Emergency exits will not be used for loading and unloading of passengers unless the emergency procedures are in effect.
 - d. All of the bus loading and unloading procedures are listed in the Unified School District #511 bus information handbook, Section II (General Bus Guidelines).
2. The requirements of Kansas Law regulating school buses shall apply to all passengers when transported in a school bus.
 - a. The coaches and sponsors shall be in charge of all passengers while they are riding, loading and unloading from the bus. The coach or sponsor in charge of the passengers and the bus driver should work directly together to correct any problems, which arise.
 - b. In the event the behavior of passengers on the bus is such that the driver ascertains that it is unsafe to continue, the driver is instructed to return immediately and notify the transportation monitor or building principal.
 - c. The coaches or sponsors have the authority to assign seats to the passengers.
 - d. If a student causes a discipline problem on an activity trip, the bus driver may stop the bus until the sponsor or coach corrects the problem. The bus driver will write a disciplinary ticket, which is submitted, to the principal and, if the coach or sponsor cannot maintain appropriate discipline, the bus driver is directed by Unified School District #511 administration to return to the school.
 - e. If necessary to deliver students to their homes, students shall cross the road in front of the bus at a distance that allows the driver to observe such students as they cross. The bus will remain stationary until the students have safely crossed the road.
 - f. Riders may not leave their seats without the Coaches and/or sponsors permission.
 - g. Riders must remain in their seats at all times while the bus is in motion.
 - h. Riders may talk in a normal voice at seat mates. Loud talking or shouting may distract the driver and cause an accident. Use of profanity in any form is forbidden.

- r. Students who wish to ride home with someone else or wish to get off somewhere other than their regular stop must make arrangements in advance with written permissions to either the building principal, sponsor, or transportation monitor. The bus driver must be informed. Without this written permission, students will not be released to ride home or to an activity with other students. In case of an emergency, the principal or designee may honor a verbal request in person or by phone if the request can be verified.
3. It is the responsibility of coaches and sponsors to ensure that buses and vans are thoroughly cleaned before excusing students from the activity trip. Failure to return a cleaned bus or van to the bus barn will result in loss of future field and activity trips for that group or team.
 4. All 7th hour Junior High practices will be dismissed by 3:15 p.m. to allow student time to reach buses before they depart at 3:30 p.m. Any practice extending past 3:15 p.m. must be communicated to the office prior to the day of the extended practice.
 5. Coaches and sponsors will sit on the bus during the activity trip where all areas of the bus can be properly supervised. When only one coach or sponsor rides the bus, it is recommended that the coach or sponsor sit in the back of the bus.
 6. All activity and field trips must be planned in advance. Requests for vehicles and drivers must be arranged with the transportation monitor one week in advance of the activity trip. Departure and arrival times must be included in the request for transportation. Any stops between the school and the activity destination must be approved by the principal and the transportation monitor. No student will be allowed to depart from the bus at any other site than those planned in the activity.
 7. Students who ride the bus to an activity and request to ride home with their parents after the activity must provide written requests from their parent(s) and the request(s) must be approved by the building principal, coaches, sponsors, or transportation monitor. The bus driver must be informed.
 8. Buses will not detour from the planned route of the activity to pick up students or to drop off students going to and from an activity. It is recommended that all students participating in the activity board the bus at the school and depart from the bus at the school at the end of the activity trip. The sponsor and activities director should be informed of all scheduled stops.
 9. Activity trip and field trip bus drivers shall not allow anyone other than school personnel and students to ride the bus unless written permission has been issued by the principal/transportation monitor. This provision shall not apply to law enforcement or emergency personnel who are passengers of a bus in emergency periods as designated by the governing board of the school district.

STUDENT IN GOOD STANDING

A student who is under penalty of suspension or whose character or conduct brings discredit to the school or to the students is not in good standing. A student not in good standing will be unable to participate in any extracurricular school activity or field trip, but must participate in all practices unless notified by the coach, sponsor and/or principal.

SEASON COMPLETION

Any athlete who chooses to not finish a season to its completion will be required to have a conference with the athlete, athlete's parent and coach prior to participating in that same sport the next school year.

DRUG AND ALCOHOL POLICY **DRUG FREE SCHOOLS AND COMMUNITIES ACT**

The unlawful possession, use, or distribution of illicit drugs and alcohol by students or school employees on school premises or as a part of any school activity is prohibited. This policy is required by the 1989 amendments to the Drug Free School and Communities Act, P.L. 102-226. This policy, and any curriculum, used in conjunction within, shall be evaluated at least every other year using criteria developed by the superintendent and approved by the board.

All the district's students shall be made aware of the legal, social and health consequences of drug and alcohol use. Students shall be instructed on effective techniques for resisting peer pressure to use illicit drugs or alcohol. Students shall also be informed that the use of illicit drugs and the unlawful possession and use of alcohol are both wrong and harmful. Possession and/or use of any tobacco product by students are prohibited in any attendance center, in any school-owned vehicle, at school-sponsored events or on the school grounds. Law enforcement and parents will be contacted immediately in all cases.

The board has adopted a comprehensive drug and alcohol abuse and prevention program as part of the district's curriculum. The curriculum is age-appropriate and developmentally based to reach students at all ages and levels of education within the district.

DRUG/ALCOHOL POSSESSION/ VIOLATIONS OF TOBACCO/NICOTINE/VAPING/JUULING PRODUCTS

The following will be the substance abuse policy followed by all coaches and sponsors regarding the use and/or possession of alcohol, drugs, or tobacco/nicotine products during the school year of sports and activities. This is a yearly policy, not a seasonal policy.

Proof of abuse will be determined by school administration.

First Offense

1. Proof of attendance at an intake session with an approved mental health professional, at the parent's or student's expense.
2. 5 hours of community service on non school time with an unrelated individual or entity agreed upon by school administration.
3. Intake session and community service must be completed and approved before returning to the sport/activity.
4. Extra running/work to be determined by the coach/sponsor. Must be completed prior to returning to competition.

Second Offense

1. Proof of completion of a treatment program related to the substance in question.
2. 10 hours of community service with the same conditions as listed in the first offense.
3. Dismissal for the remainder of the sport/activity season.
4. Treatment program and community service must be completed and approved before returning to the next sport, activity or competition.

Third Offense

Dismissal from any participation in any sport/ activity for the remainder of the school year.

The provisions of this policy shall apply to all USD 511 students during the regular day and at all school activities on and off the school grounds. KSHSAA is the governing body for all activities in the state of Kansas and all policies set forth through them will also be followed.

Eligibility Policy

The following eligibility policy will be in effect for USD #511 students participating in all extracurricular activities. Academic eligibility is applicable to any activity resulting in public performance, competitive event, or loss of class time.

District Eligibility

Students not performing at a passing level (having a grade of an F) in the classroom will appear on a Delinquent and Ineligible list that will be compiled each Monday and will remain effective Monday through Sunday of the next week. The list will be applied per class. This shall include, but not be limited to athletics, music, drama, dances, club and organizational activities, field trips outside of regularly scheduled classes, homecoming, prom, etc. If the activity is for a grade, students may attend. Individual situations may be determined by administration. Students may not be a homecoming candidate or attendant while on the Delinquent and Ineligible list as ineligible.

- The first week a student appears on the failing list, they will be delinquent and will still be eligible to participate in school activities, while working to get their grade up.
- The second consecutive week a student appears on the failing list, in the same class as the first week, they will be either IP (In Progress), determined by the teacher if they feel the student is working to get their grade up, or Ineligible, determined by the teacher if they feel the student is not trying. If the student is IP, they may still participate in school activities. If a student appears on the list as ineligible, they may not participate in any school activities.
- The third consecutive week and all consecutive weeks after, the student appears on the failing list in the same class as the first week, the student may not participate in any school activities.

The building principal and student will make a conference call home in regards to any student who has been placed on the Delinquent and Ineligible list, outlining which level the student is on in reference to delinquent, in progress, and ineligible. Administration will have the final determination on student eligibility.

State Eligibility

The eligibility rules of the Kansas State High School Activities Association will be strictly complied with, and will apply to students participating in all interscholastic activities. A student in grades 6-12 shall meet the following requirements for eligibility in inter school activities:

- A. Scholarship- The student shall have passed at least five new subjects (those not previously passed) of unit weight, or its equivalent, the previous semester or the last semester of attendance.
- B. Enrollment- The student shall be enrolled in and attending a minimum of five new subjects (those not previously passed) of unit weight or its equivalent, during the present semester.

Deliberate misbehavior, destruction of school property, or unexcused absences will cause students to lose their good standing in the school, and as a result, their eligibility to participate in interscholastic activities. Coaches of athletic teams will not issue equipment or allow any student to participate in any sport until that student's Parent-Physician Certificate of Permission and all other appropriate documents are on file.

The Kansas State High School Activities Association requires students to pass five subjects of equal weight during their last semester of attendance, or they will be ineligible for any extra-curricular activities the following semester.

TEACHER RESPONSIBILITY

1. The classroom teacher and/or principal will notify the student that he/she has been placed on the delinquent or ineligible list for that class.
2. The delinquent and/or ineligible list is due in the office by 9:00 a.m. Monday.

OFFICE RESPONSIBILITY

1. The office will compile a list of all students who are placed on the delinquent and/or ineligible list..
2. The office will notify the coaches of the student's eligibility status utilizing a google sheet that will be shared at the beginning of each quarter. This information will include:
 - A) Class-teacher
 - B) Delinquent
 - C) Ineligibility
3. In the event a student is ineligible for the week, the principal and the ineligible student will make a conference call home to make parents aware of the student's status for the week.

INJURED ATHLETES

If you have been injured and require a physician's attention you must acquire and submit to your coach a doctor's note before you will be allowed to return to practice. A student will not be allowed to return to practice or competition prior to a doctor's note being recorded with the Athletic Director.

INSURANCE

All students of Attica Junior/Senior High School who are engaged in activities are covered through the Kansas State High School Activities Association with a policy known as a Catastrophic Injury Policy. Insurance forms for insurance coverage are filed through the office of the Athletic Director and the board office.

ATTENDANCE

If you are absent from school on a day we have an athletic contest you must be back to school by 12:00 P.M. in order to participate in that contest. Those athletes who are not back in school by 12:00 P.M. will be left at school. Exceptions to this rule would be a doctor's appointment, funeral or other approved absence. Illness on the day of the contest will not be an exception; students too ill to attend school are too ill to compete. Students are expected to attend the most recent practice prior to any competition. If this practice is missed without prior permission from the coach, the student will not be allowed to participate in the competition.

TEAM RULES AND GUIDELINES

Coaches will give each athlete and the athletic director a copy of their team rules and/or guidelines. Any departure by a coach from these established rules MUST be cleared in advance with the administration. Sudden changes from established rules create problems for athletes, coaches, parents, and administrators.

PRACTICE

All athletes wanting to participate in a season are required to attend the first practice of the season or have contacted the coach with their intent to participate. Athletes not showing intent to participate by the first practice of the season will not be allowed to join the team at a later date without the permission of the coach and/or athletic director. The number of practices required prior to being eligible to participate in the competition will be set by each coach's rules, attached within. Students who move into the district after the beginning of the school year will have 3 days from the date of enrollment to join a team for which the season has already begun.

TEAM TRAINING RULES

1. Unsportsmanlike Conduct - conference with the coach and possibly the Principal and Athletic Director.
Penalty: Will vary, up to suspension.
2. All other training rules will be determined and enforced at the discretion of the Head Coach. A copy of these rules will be given to each student athlete at the start of the season.

ABSENCES FROM GAMES:

1. Please report absences to the head coach (excused and unexcused) **before** the absence, and when absent from school that day.
2. One unexcused absence from a competition will result in a one competition suspension.
An example of this would include homework, family trip, games/practices outside of the school sponsored current activity, or any other unexcused absence.

PUBLIC RELATIONS

1. **GAMES AND PRACTICES:** Because a coach and team are constantly before the public eye, everything done by the coach and team members are scrutinized. Every action reflects on the reputation of the school and its people. The athletic programs need to be organized, to show discipline, to compete

competitively, and to display sportsmanship at all times. Anything a coach can do to improve the image of Attica Public Schools in the public's eye should be done.

2. **PARENTS' MEETINGS**: Coaches will hold a parent meeting, which introduces the coach and the parents and explains the rules affecting the athletes. As much as possible, these meetings should occur prior to the beginning of the season.

3. **FACULTY RELATIONS AND ADMINISTRATIVE RELATIONS**: Relations with the faculty, administration, and other school personnel should be professional and informational. Athletic teams support the work of education in many ways; it is important that all staff members know what is happening in the sports program as often as possible.

4. **APPEARANCE AND BEHAVIOR**: As representatives of Attica Public Schools, students participating in activities have more opportunities than any other group of students to establish the reputation of our school. This places considerable responsibility on the shoulders of each student participating in these activities. Remember to respect your school and yourself in a manner that will speak highly of you. Misconduct at any school activity may result in that individual receiving in-school suspension, loss of extracurricular privileges and/or dismissal from the team.

LETTERING

Each head coach will determine which members of the squad have EARNED a letter based in part upon the athlete's participation, attitude, honesty, and ability. The student athlete must finish the season in GOOD STANDING, BOTH ACADEMICALLY AND ATHLETICALLY in order to be a candidate for a letter winner. Letters will be awarded at the athletic and activities awards banquet at the end of the school year.

Inappropriate behavior that results in disciplinary action may cause the student athlete to be dismissed from the team and/or not finish the season in good standing. Should either of the above occur, the student athlete will not earn a letter for that sport.

ATTICA BULLPUPS GIRLS BASKETBALL RULES

Team Philosophy

- T E A M: Together Everyone Achieves More. Listen, Learn and Inspire each other.
- We will always make a total effort even when the odds are against us. Everyone has the will to win, but it's the will to prepare to win that makes the difference. Practice like you play in the games. This means 100% effort whenever you are on the court. Practice is where you improve your skills for playing in games.
- There is no "I" in TEAM – We win and lose as a Team.

Individual Goals

- Realize my potential to become the best player I can be. The better I get the better my team gets. I will give my best effort all the time.
- I will work hard. Achievement only comes through hard work. "Champions keep playing until they get it right" (Billie Jean King)
- Motivation is key. Stay motivated even when it gets tough. This is something that will carry-over into many aspects of life. It will make you a stronger person.
- Learn from your mistakes. It will make you a better player.

Team

- The “best players” will start games. The best players are not just those with the greatest ability, but are the ones who work hard and have a positive mindset. Be an overachiever and set an example to inspire your teammates. Play to win, every minute, all the time, as a team. Desire and teamwork can make the difference between a win and a loss. Learn from our mistakes. It will improve our chances to win.

Academics

- Education is your first priority. Students must pass 5 classes per semester to remain eligible for the following semester.

Absences

- You must report absences to the head coach (excused and unexcused) before the absence, and when absent from school that day. If a student has an unexcused absence the day before a game, the student will forfeit their opportunity to start that game.

If you miss a practice and it is excused, you may be required to make up any running you missed, at the coach’s discretion and depending on the reason for missing practice. If you have an unexcused absence, you will be required to do additional running or practice drills missed. Additional running or drills must be done before the next game. If not done, the player may lose a starting position for that next game.

Conduct

- ON COURT: Play your heart out for your team. Be supportive, respectful and courteous. Don’t do anything to bring attention to yourself. That’s self-centric, not team centric. This is a team sport.
- OFF COURT: Be the model citizen. Don’t embarrass the team, the school or yourself. Be in good standing with the school and community.

Substance Abuse

No Player will use alcohol, drugs or tobacco products. The school policy delineates the penalties for use. There are serious consequences for use of these “Mood-Altering Chemicals”. Such activity is illegal and detrimental to a student’s wellbeing, and will affect the physical and psychological state of a student.

Equipment

You are responsible to dress in a T-shirt, shorts, socks and basketball shoes – every day. The School will provide you with a practice top and game uniforms. All clothes provided to you will be taken home weekly and washed. All practice tops and uniforms will be turned in at the end of the season. Any uniforms or practice tops lost will be paid for at replacement cost.

Off the course-Be in good standing with the school and community. You represent your school at tournaments, be a positive image for yourself and USD 511.

Substance Abuse:

DRUG/ALCOHOL POSSESSION/ VIOLATIONS OF TOBACCO/NICOTINE/VAPING/JUULING PRODUCTS

The following will be the substance abuse policy followed by all coaches and sponsors regarding the use and/or possession of alcohol, drugs, or tobacco/nicotine products during the school year of sports and activities. This is a yearly policy, not a seasonal policy.

Equipment:

Every golfer must have the following equipment: clubs, golf bag, balls, gloves, shoes, etc

A rain jacket or an umbrella might also be a good idea, but that's entirely up to you as the individual. A pull cart may also be used by the golfer. For a more in depth list of what can and cannot be used please see the KSHSAA Golf Manual.

Attendance:

Practice

The bell rings at 3:20, you will be dressed and have your equipment loaded and ready to go by 3:30. We will leave for the golf course at 3:30. Generally practice times will be set from 3:30-5:30 and we should be back to the school around 6:00 each evening. Please plan accordingly as your success as an individual and our success as a team depends on improving each day at practice.

Success is the result of hardwork and dedication. Missed practices will result in not playing tournaments. It is important that students attend practices. If a player misses 3 practices that are not excused, they will be dismissed from the team. If you are going to be gone, please let me know.

Tournaments

Dress times and leave times will be set for all tournaments, both JV and Varsity. All golfers are expected to wear appropriate clothing to tournaments. If a student athlete's absence isn't approved by school policy attendance guidelines and the absence causes a cancellation of the event for the other golfers, then the student athlete with the unexcused absence will pay the event fee.

Overall

Daily attendance is expected and this also includes tournaments. Exceptions to this rule would be a doctor's appointment, funeral, or other approved absence. If a player misses practice they will need to make up the skill work they missed during their absence.

Lettering-To earn a letter you must compete and complete half of the scheduled tournaments. The head coach will determine which members of the team have earned a letter based in part upon the golfer's participation, attitude, honesty, ability, and the above match criteria. The golfer must finish the season in good standing, both academically and athletically, in order to be a candidate for a letter.

Injuries-Please report any and all injuries to Coach Winters as soon as possible, especially before your doctor submits a bill to the school. If I have not done an accident report the school insurance may not help with the claim.

Check out of school transportation- All golfers need to ride in school transportation to the matches. **Any exceptions need to be cleared in writing with administration.** If a golfer wants to ride home with their parents after the match, they need to be signed out by the parents. If the parents want their golfer to be checked out by someone else I need written verification approved by the administration before we leave for the match. I can not release the golfer to another high school student. The student must be aboard school transportation at the designated leave time. A student who is not aboard school transportation at the designated leave time will be left at school. The student will not be allowed to participate in that day's event and the next scheduled event.
